

Creative Response Activity

Visualizing the Setting

Now that we have started *The Outsiders*, you will use a blank sheet of paper to visually reconstruct the divided world of 1960s Tulsa. Transform your page into a creative map or scene depicting the physical and social landscape of the novel.

The West Side

Home of the Socs. Think luxury cars, manicured lawns, clean suburban spaces, and a sense of wealth and entitlement.

The East Side

Territory of the Greasers. Draw the run-down houses, vacant lots, local drive-ins, and the gritty streets they call home.

Your Task:

- Draw a clear dividing line (or neutral ground like the movie theater or park).
- Color your illustration fully using colored pencils.
- Include key quotes or labels from Chapter 1 describing the setting.
